STRUCTURE STABILITY CERTIFICATE

I, **Engr. Hassan Mehmood Subhani**, hereby undertake to submit as follows:

This is to certify that the building of **SYSTEM OF SMART SCHOLARS**, situated at **Dilbar Colony Darbar Road Sakhi Sarwar**, has been Visually inspected and structurally assessed with respect to its general structural condition, stability and safety.

The building was inspected through a detailed visual assessment of the accessible structural and building components, including the **columns, beams, roofs, walls and other relevant structural elements**.

Based on the inspection and assessment carried out, the building structure was found to be in satisfactory **condition** for its intended use, subject to normal maintenance and continued monitoring of the structural components.

To the best of my professional assessment, the building of **SYSTEM OF SMART SCHOLARS** is considered **structurally stable and suitable for use as an educational/school building**, provided that no unauthorized structural alterations, additions or modifications are carried out without prior review and approval by a qualified structural/civil engineer.

This certificate is issued based on the **visual inspection and professional assessment** conducted on the date mentioned above and is subject to the conditions stated herein.

Validity of this Certificate: From 29-August 2026 to 29-August 2028.
